PERSONALITY

Interested in ideas, and exploring different opinions, when its time to work I like to be brief and get the job done best we can as a team. Love good time-work and light atmosphere. More then 5 years work experience. The most important guide line for me is honesty.

//All of my projects are in portfolio with descriptions and challenges that I stumbled upon while working on them.

EDUCATION HISTORY

FRONT END DEVELOPER
Algebra University College, Zagreb
Mar 2022 - Sep 2022

In short React, Redux , JavaScript, Node.js, HTML and CSS in depth. We have learned how to set up and develop web application from the ground up. All projects from this, my own and from other ventures are in my portfolio.

HOBBIES

Mountain biking - riding a bicycle trough forest for the soul Gym and swimming for healthy body :)

I have started learning Danish in February this year, it's very complex but interesting language, and have learned some German while in elementary school, but I'm a bit rusty there.

Gamer in heart.

INSPIRATION

//As you can probably guess I really like to code, so I decided to show my personality trough thing I love to do, hope You like it :)

```
const Task = ({ task }) => {
  return (
    <div className='task'>
        <h3>{task.text} <FaTimes /></h3>
        <p>{task.day}</p>
    </div>
  )
}

export default Task
```
